## ***God isn't resting during social distancing and neither is HDC!***

HDC is certainly not "closed"! Christ's church has never depended on buildings to change the world! God continues to provide for His people through your gifts, and He transforms those gifts into life changing ministry! HDC's pastors and staff continue to work diligently to provide you both personal and corporate support, as well as to create opportunities for you to encourage your oikos in their own relationships with Jesus.

Let's all celebrate how your gifts to the Lord have been turned into vital ministries that lead to worldchange, even through this season of social distancing!
