

## Sex and Temptation

We Believe that marriage, although legally recognized by the state, had already been established by God to provide a healthy and safe environment for personal and spiritual growth. We believe that the Bible defines marriage as a lifelong union between one man and one woman and is the only context for biblical sexual expression. (Genesis 2:18-24; Matthew 19:4-6; Hebrews 13:4).

Biblical wisdom's stance on sexuality is to confidently keep it in its God ordained context and cautiously avoid any deviation at all cost in respect for its power both for good and for evil.
