Text **INVEST** to 64567

Have we just found it more comfortable and less awkward to consider ourselves to be "worldchangers" though we primarily or even exclusively invest in relationships with people who are already saved?

4. In 2024, we want to equip you to live like the

"elect exiles" that you are.

1 Peter 1:1–2

Peter's life resembles yours in lots of ways and if God could use Peter so powerfully then you know that He wants to use you in spite of all of your "swings and misses".

The word "exile" is translated from a Greek word that means "literally, someone 'passing through' but still with personal relationship with the people in that locale".

Begin now, this first weekend of 2024, to understand whose you are and how God's "elect exiles" are to engage our worlds in our days.
