God's design for sexuality is that it be enjoyed only in the covenant of marriage between "ONE man with ONE woman becoming ONE flesh for ONE lifetime".

You can't live according to your old way of life sexually and HONOR God's design for sexuality at the same time.

"We do not honor God with our bodies by suppressing desire, but by submitting desire to His design."

— John Mark Comer

3. God's will requires the POWER of His SPIRIT.

1 Thessalonians 4:7-8

"Purity does not mean crushing your desires, it means directing them to the right place. The desire for intimacy was always meant to lead you to God."

— Jackie Hill Perry

What have we seen today?

- God's will is clear.
- His commands are rooted in love, not restriction.
- His grace forgives the past, and His Spirit empowers the future.
- God will not ignore sexual sin, but neither will He withhold mercy from the repentant.

What is God calling you to?

— Confess. Repent. Surrender your AFFECTIONS to be changed by the Spirit.
